

TESTIMONIALS

"It has been a privilege to work with the Schlendorf team on the selling and buying of our homes. They are thorough, detailed oriented and have valuable insight regarding San Ramon Valley and Walnut Creek / Lafayette neighborhoods. The Schlendorfs helped us to find our first house together and were there for us years later when we were ready to upsize as our family grew. They ensured that we fully understood every step of the home buying and selling process and made our experiences great ones. We highly recommend the Schlendorf team for all your real estate needs."

"I have been so impressed with the Schlendorf team. I would not hesitate to recommend them to anyone. In fact, I have already recommended them to several friends. I have had the most positive experience I have ever had with a Realtor, and will use them for any future real estate transactions."

Terri Hulse, San Ramon

"The Schlendorfs, who have guided three generations of the Klitten family through 10 homes over the past 10 years, are very professional, detail oriented, customer focused, and best of all, have become good friends!"

"Selling our first home and purchasing our second taught us many things. The most valuable lesson among them was the value of a good real estate broker. The Schlendorfs are not simply good brokers, they are extraordinary brokers. Their combined knowledge of the housing market never ceased to amaze us. We heartily recommend the Schlendorfs for your real estate endeavors or any other service for which they may be needed."
